

Glen Rock Women in Community Service

2018 Scholarship Application

Glen Rock Women in Community Services will be granting a **\$1,000 scholarship** to a female high school senior who is a resident of Glen Rock, NJ.

The scholarship will be awarded to the applicant who best exemplifies a commitment to both our town and to community service in general. We envision this senior as having taken a leadership role in at least one community service project. Her application should reflect a pattern of participation that shows a commitment to helping others, especially right here in Bergen County.

Some applicants may have participated in multiple, smaller projects; others may have focused on one major project over a long period of time. We want to know what role the applicant herself had in changing the lives of those around her, as evidenced by the total number of hours volunteered and the quality of those hours.

It is important to note that we will not count as "community service," hours for which the applicant was paid (even if the work performed was in a service industry), or hours "volunteered" in babysitting a sibling or assisting a grandparent.

Please note: we cannot accept applications from high school seniors whose mothers are or have been members of WICS within the previous two years.
